Subject: Circular CSXT 8082 - Rules Regarding The Transportation Of Solid Fuel  
In Private Cars Pursuant To Railroad Transportation Contracts

Dear CSXT Customer, Business Partner and Tariff Subscriber:

The Circular CSXT 8082, effective July 1, 2008, establishes a series of rules to improve the productivity of private railcars used in transporting coal and petroleum coke (Solid Fuel). This Circular applies only when it is incorporated into a railroad transportation contract through a specific reference to Circular CSXT 8082.

Please direct any questions to your CSXT coal marketing representative.
