

## **Bridge Inspection Training**

### **Purpose:**

- To equip participants with the proper terminology, techniques, and criteria used to inspect and rate the condition of railroad bridges.

### **Goal:**

- To qualify employees in the techniques of FRA mandated bridge inspections.

### **Objectives:**

- Upon completion, participants will be able to:
  - Identify bridge sections and substructures
  - Describe the inspection criteria for various types of bridges
  - Complete a bridge inspection and associated reports
