

CSXT 8101 PUBLICATION

Customers Eligible for Reciprocal Switching

CSXT provides reciprocal switching for the customers identified in the table below pursuant to the rules established by Section 8.2 of Publication CSXT 8100.

NOTE: For the Industries marked with *, the following rules apply:

CSXT will only perform reciprocal switching at ORIGIN when: (1) the destination is a local station on the originating line-haul carrier; (2) the destination is a local station on a line-haul carrier whose only interchange is with the originating line-haul carrier; or (3) the destination is not served by CSXT, but is served by the originating line-haul carrier and by one or more other carriers, which also serve the origin.

CSXT will only perform reciprocal switching at DESTINATION when: (1) the origin is a local station on the destination line-haul carrier; (2) the origin is a local station on a line-haul carrier whose only interchange is with the destination line-haul carrier; or (3) the origin is not served by CSXT, but is served by the destination line-haul carrier and by one or more other carriers, which also serve the destination.
